

KARAPOKOT CHURCH JANUARY REPORT BRIEFS

Dear Brethren, we are doing well in Christ Lord, we hope the same to you too.

We had decided during our last AGM at Tarakit to reduce the joint services to six this year and the first one is next Sunday at Kapterema. May God make it an edifying moment for all the churches.

The other months that are not engaged will be for each area for visiting other sister churches and outreaches. E.g during last week we meet with Nakuyen team (Headteacher and the proposed church leader) at Kapenguria.

We suggested on our meeting today to take one Teacher's salary from Kamketo Trinity Girls to cater for the needs of Nakuyen Primary School by next term at least to pay two teachers and a matron if there is no option from your side as we have promised them.

The need for the classroom for Chelopoy Boys is really becoming a headache as they have no classrooms and they expect us as the sponsors to do something. We do hope the government will be able to send the principal soon as the forms for application had been forwarded.

In turn the issue of starting the Light Bible College at Kasei is like on sleeping mode. What is the way forward as the basic needs like repair of the old building to house the lectures/students and need of toilet has not been addressed. We also need to be furnished with the syllabus and other teaching materials.

Andrew, Tom and Joshua
